

EpiCoN Program

June 17, 2025

Venue – Triple Helix (ULED.A.310, UmU)

09:00 – 09:15 Opening remarks. Welcome and announcement of the program.

09:15 – 12:00 Session 1, chair: Eirini Antoniou

09:15 – 09:45 Jan Larsson

A selected introduction to epigenetics

09:45 – 10:15 Itzel Nissen

Long-range gene regulation and 3D organization of the glioblastoma genome

10:15 – 10:45 FIKA ☕

10:45 – 11:15 Andreas Hörnblad

Gene regulation in development and metabolic disease

11:15 – 11:45 Fernanda Schäfer

Epigenetics in pediatric T-cell acute lymphoblastic leukemia

Hackenhaar

12:00 – 13:00 LUNCH (Universum)

13:00 – 16:00 Session 2, chair: Anastasiya Yushkova

13:00 – 13:30 Johan Holmberg

Control of cellular state in differentiated neurons and in neuroblastoma

13:30 – 14:00 Chaitali Chakraborty

Role of external cues in epigenetic remodelling and 3D genome organization

14:00 – 14:30 SPONSOR FIKA ☕

14:30 – 15:00 Kumari Kanchan

METTL3-METTL14-mediated m⁶A modification promotes DNMT1 translation in Ovarian Cancer

15:00 – 15:30 Yuri Schwartz

Polycomb repression works without Siesta

15:30 – 15:45 FIKA ☕

15:45 – 16:00 Closing remarks

Interactive feedback format & election of the next EpiCoN organizing committee

18:00 – 21:00 dinner and activities at Orangeriet Boule & Bistro
